

Elico Healthcare Services' (EHCS) digital analytics and clinical thought-leadership has been the driving force within the RCM market. Our clients' success is based on both EHCS proprietary analytics and clinical best practices. Our Clients Achieve: Optimized Revenues, Reimbursements, Outcomes, and Quality Documentation.

Delivering the Results

THE PROBLEM

Coding accuracy and billing lag times

Increased AR days DSO driving consistent cash flow, high rejection and denial rates

Widening Gap between Business and Clinical side of RCM

THE CHALLENGE

8% revenue loss

2% unrecognized Medicare bonuses lost

Improve denial rate 15% over average

First pass rate is under 70%

DSO trending is above 80 days

Both GCR & NCR ratio's below industry

Cash realization from AR less than 1%

FIRST-YEAR OUTCOMES

3% improvement in revenues

98% improvement in medical accuracy, billing performance

Less than 1% in coding denials

10-15% first pass rate improvement

Improved compliance
